## Intelligent Smart Coin Deposit System by YOUGO

U-COIN is a coin deposit system with fast bulk coin validator: Up to 12 coins x sec.

U-COIN can be placed, due to its size, either under the desk or in the back office

U-COIN can be connected with U-One and U-Bundle allowing in this way the simultaneous deposit of banknotes and coin, speeding up the cash closing

The unit validates and stores coins in a security heat-sealed bag **or plastic box w security key** inside the small safe. Operating at 12 coins per second, U-COIN improves cash closing in back office and significantly reduces collection costs.
