

U-TillOne Premium

SMART CHECKOUT

U-TillOne Premium is the new desktop Smart Checkout develop by Yougo for the needs of Retail market.

With the U-TillOne Premium the product range gain a smart checkout solution where the focus is the security of the notes & coin management inside the device.

It's a compact notes & coins recycler and can fit to any desk of retails Point of Sales. It can be placed is the same place of the cash register in front of the customer or vice versa in front of the cashier.

The U-TillOne Premium is an IoT intelligent till that accept, validates and dispenses banknotes & coins and that allow to close the loop with backoffice with the carrying trays.

The cash will always balance even when working with multiple employees.

Electronics and mechanical locks permit to keep save the cash inside the device at different level of security.

- Makes payments verifying authenticity of coins and notes and gives change in notes and coins
- Cash is always safe: money is locked inside and never on show or reachable by possible thieves
- Makes transactions faster and saves time when closing cash
- No mistakes when giving change
- You can see in the display the payment status in real time
